To: The Postal Regulating Commissioners:

POSTAL REGULATORY
COMMISSION
U.S. DEPT. OF THE POSTAL SERVICE

From: Dr. Darlene Clemens, citizen:

Our Postal Service is in crisis! A service that the citizens of the United States have taken so for granted in the past is in danger of being totally dismantled by a person who has absolutely no idea what he is doing, except to destroy a service that ALL Americans, no matter what their political bent, use and depend on EVERY DAY!

Your first responsibility to the people of this country is to do your civic duty and IMMEDIATELY fire Louis DeJoy for his inept, incompetent, dangerous, ignorant and corrupt leadership of an institution that is treasured be all.

The nation will be watching you! Your names will go down in history either in a positive way or remembered with disappointment and contempt. It's your choice.

Don't disappoint us - We matter!!

Sincerely,

Dr. Darlene Clemens
